## Husqvarna Viking Topaz 50

## Sewing & Embroidery Machine

The advanced software which comes with the Topaz 50 allows you to be much more creative with your embroidery files, as you can edit and combine them to form larger, more intricate patterns, and with 150 designs built in, there is a wide selection and you could make almost anything. With its interactive colour touch screen display, the Topaz 50 is extremely easy to navigate so that wonderful sewing projects can be created quicker than ever. Included are the Royal Hoop, the Splendid Square Hoop and 9 snap on presser feet to suit most jobs that you need your machine to do.
