

M7  
CONTINENTAL

Because the  
**Small Details** Matter...

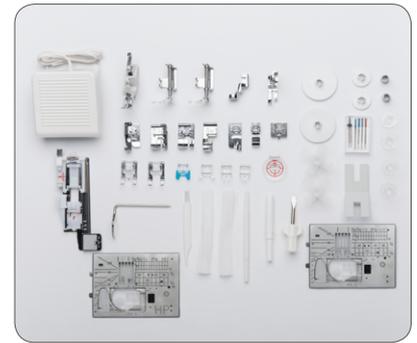

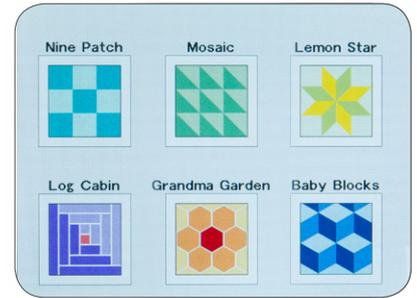

The world's leading sewing machine manufacturer

**JANOME**  
janome.co.uk

The M7 has the industry's **LARGEST** sewing space available on any household use machine. Engineered to meet your demands, the M7 provides powerful penetration and needle force. Perfect for garment sewing, quilting and allowing you to easily tackle heavy-weight home furnishing projects in order to make your decorating dreams come true.

The M7 is the fastest drop-in bobbin home sewing machine available. We've implemented a durable DC brushless motor that gives you 1300 stitches per minute, while still giving you the strength and stability you require. Add in the full metal frame and Janome's high standards for vibration suppression and you can be assured of a pleasurable, smooth and high-performance sewing experience for all your sewing projects. There is even an instructional app available which uses the machines QR code to access help videos.

We reserve the right to change specifications without notice
